

Design Engineer – Transportation

Lacey, Wash.

Are you a recent grad or entry-level engineer looking to hit the ground running? Like the idea of an office just minutes from breweries, beaches, and bike trails? How about working halfway between Seattle and Portland? Then our dynamic team of transportation engineers wants to hear from you!

Who we are

SCJ Alliance is a 100% employee-owned company with the mission to serve our clients, communities, and each other with creativity, knowledge, insight, and perspective. With great projects and a fun-loving team, our firm has been named as both one of the nation's fastest growing and best places to work in recent years. We specialize in civil engineering, transportation planning & design, environmental & urban planning, landscape architecture & design, and public outreach. Our mantra "Anticipate. Envision. Create" captures our work environment and project approach.

What you'll be doing

- **Work that keeps our region moving.** Our transportation team specializes in corridor design, highway framework studies and IJRs, signalized and roundabout intersection design, downtown transportation revitalization projects, roadway/highway design, transit design, and stormwater design.
- **Managing drawings and providing calculations.** You'll prepare and revise drawings from rough sketches, mark-ups, or general engineering and design information and put the finishing touches on them with labelling, layering, and sheet layout.
- **Site visits and observations.**
- **Learning from some of the best!** We're proud to have some of the top transportation professionals in the country right here at SCJ. From national program designers to statewide award winners to international roundabout experts, you'll learn from the best in the business.

What you bring

- A passion for serving others, communication, creativity, and a commitment to high-quality work.
- A bachelor's degree in civil engineering or equivalent.
- 0 to 3 years of progressively responsible drafting and design experience.
- AutoCAD 3D and/or Civil 3D experience preferred.

What we bring

- [An unbeatable culture!](#) Firm-wide campouts, [mugshots](#), gold-medal [costume competitions](#)...you'll love coming to work.
- [Quality projects.](#) We pursue work that improves communities, challenges us, and makes a difference.
- [Community involvement opportunities](#) and a charitable matching program.
- Retirement benefits: 401(k) & employee stock ownership plans.
- Paid time off.
- Health and other insurance plans tailored to your needs.
